

Objectives of the Tariff Commission in accordance with the revised Vision and Mission are:

- ❖ Impact analysis of tariff changes on competitiveness of domestic industry and to identify policy measures to promote their international competitiveness in light of the new manufacturing policy.
- ❖ Facilitation of modulating the tariff structures and also redressing the issue as relates to Inverted duty structure which adversely impact the domestic manufacturers.
- ❖ Conducting studies related to techno-economic feasibility, cost pricing, competitiveness, input-output norms, etc. aspects of various products referred by Ministries/Departments from time to time.
