

List of ongoing studies

Priority Studies	
1	Import Intensity of India's Exports
I	Section V, VII, X, XII & XIII (Mineral Products, Paper & Paper Board, Plastics Footwear & Stones)
II	Section-VI, VIII & XX (Chemicals, Manufactured Articles & Raw Hide/skins)
III	Section-XI (Textiles Articles)
IV	Section-XIV, XV & XVIII (Precious Metals, Base Metals & Optical, Surgical etc instruments)
V	Section-XVI & XVII (Machinery & Mechanical Appliances & Vehicle, Aircraft etc.)
IDS STUDIES	
1	IDS study on Coated Fabrics falling under CTH 5903 & 5603
2	IDS study on Moulded cups made of Polyurethane Foam
3	IDS study on Spandex Yarn
4	Petrochemicals and polymer intermediates which attract customs duty of 2-2.5% whereas their feedstock naphtha has customs duty of 5%.
5	Narrow woven fabric of man-made fibre, a vital component used in the manufacture of seat belts, attracts less duty than synthetic polyesters, therefore it is cheaper for the vehicle manufacturers to import seat belts instead of sourcing the same domestically.
6	IDS study in Blow Moulding Machinery (84773000)
7	IDS study in Extruders (84772000)
8	IDS Study on Cable Terminal & Connector
9	IDS Study on Electrical Contacts (ITCHS Code 85381010, 85381090 and 85389000)
10	IDS Study on Polyester Polyol
COST PRICE STUDIES	
1	Study for determination of milling charges and incidental charges milled/processed pulses regd.
2	Revision of Milling Charges for raw rice and par-boiled rice (state wise studies)
3	FCI Transportation Charges
4	Tyre Normative Cost & Pricing
5	Freight rates of transportation of fertilizers for the state of Uttarakhand and 18 districts of different States
6	Determination of Additional compensation for complex Fertilizers by use of Naptha/fuel oil/LSHS based feed stock for three companies (GNVFC, MFL and FACT)
7	Conversion Cost of Sugar from Sugarcane
8	Pricing of jute bags 580 gms

Competitiveness Studies	
1	Competitiveness of Medical device sector
2	Competitiveness of Automobile components sector
Other studies	
1	Study on "Low Value Addition is all Pervasive-brief case study of compressors for Refrigerator and Air conditioners-It is not only ITA-linked"
2	Principles of determination of tariff for water supply
3	Principles of determination of tariff for solid waste management
4	Principles of determination of tariffs for sanitation
5	Modalities of trade in goods under India-Israel FTA
Impact Assessment/cost benefit analysis of indirect incentives (Fresh /Rescheduled studies)	
1	Impact Assessment study of indirect incentives extended in the union budget 2015-16 "Reduction in Basic custom duty on Ethylene dichloride (ITC HS Code-29031500) and VCM ITC HS Code (29032100) from 2.5% to 2%
2	Report on impact analysis of indirect incentives provided in budget proposal for Co-polymer coated MS tape/stainless steel tape
3	Report on impact of reduction in Basic Custom Duty (BCD) reduced from 7.5% to 5% on Catalyst [3815 90 00] and Resin [3909 40 90] for use in the manufacture of cast components of Wind Operated Electricity Generator [W.O.E.G], subject to actual user condition
4	Report on impact analysis of indirect incentives provided in budget proposal for Reverse Osmosis (RO) membrane element for household type filters
5	Report on impact analysis of indirect incentives provided in budget proposal for Unsaturated Polyester Resin used in the Manufacture of Rotor Blades of Wind Operated Electricity Generators(Slotted for 2019-20)
6	Report on impact analysis of indirect incentives provided in budget proposal for Vinyl Ester Adhesive (VEA) Used in the Manufacture of Rotor Blades of Wind Operated Electricity Generator.
7	Report on impact analysis of indirect incentives provided in budget proposal for Hardeners Used in the Manufacture of Rotor Blades of Wind Operated Electricity Generator.(Slotted for 2019-20)
8	Report on impact analysis of indirect incentives provided in budget proposal for Epoxy Resins Used in the Manufacture of Rotor Blades of Wind Operated Electricity Generator(Slotted for 2019-20)
9	Report on impact analysis of indirect incentives provided in budget proposal for Report on Inverted Duty Structure in Balloons
10	Report on impact analysis of indirect incentives provided in budget proposal for Medical Devices sector falling under headings 9018, 9019, 9020, 9021 or 9022
11	Report on impact analysis of indirect incentives provided in budget proposal for Electrical Insulators
12	Report on impact analysis of indirect incentives provided in budget proposal for Endoscopes
13	Report on impact analysis of indirect incentives provided in budget proposal for Mono Ethylene glycol
14	Report on impact analysis of indirect incentives provided in budget proposal for Aluminium Ingots
15	Report on impact analysis of indirect incentives provided in budget proposal for Personal

	computers
16	Report on impact analysis of indirect incentives provided in budget proposal for Poly Vinyl Chloride (39042110 and 39042210)
17	Report on impact analysis of indirect incentives provided in budget proposal for Ethylene Vinyl Acetate (EVA)
18	Report on impact analysis of indirect incentives provided in budget proposal for Back Sheet
19	Report on impact analysis of indirect incentives provided in budget proposal for Slewing Bearing
